I-200.A: ICS for Single Resources and Initial Action Incidents
Intermediate ICS, ICS for Expanding Incidents I-300
On-line Fire Reporting System Training
Strategy and Tactics for Initial Company Operations
Version 5.0 Fire Reporting

Fire Prevention/Code Enforcement

Introduction to Code Enforcement Practices Part I
Introduction to Code Enforcement Practices Part II
Inspections Procedures for Existing Structures
General Construction Principles

Residential Code of New York State
Building Code of New York State
Code Compliance Technician Program

Fire Suppression

Aircraft Rescue & Firefighting
Apparatus Operator-Aerial Devices
Apparatus Operator-Emergency Vehicle Operation
Apparatus Operator-Pump
Basic Exterior Firefighting Operations
Basic Wildland Fire Suppression (DEC)
Blended Learning – Firefighter I
Courage to be Safe
Engine Company Operations
Firefighter Assist and Search Team (FAST)
Firefighter I
Firefighter II
Firefighter Survival
Live Fire Training
Principles of Building Construction: Combustible
Principles of Building Construction: Non-Combustible
Refresher Training – 6 Hours
Refresher Training – 9 Hours
Refresher Training – 12 Hours
SCBA Confidence
The Rules Have Changed: Firefighters Guide to Lightweight Wood Construction
Truck Company Operations
Water Supply Operations
Wildland Search and Rescue (DEC)

Hazardous Materials

Advanced Hazardous Materials Technician
Basic Life Support & Hazardous Materials
The Challenge of Pesticides and Poisons
Chemical Suicide Information for 1st Responder
Decontamination
Decon Trailer Equipment Training
First Receiver Decontamination
Flammable and Combustible Liquid Emergencies
Hazardous Materials for Code Official
Hazardous Materials 1st Responder Awareness

Hazardous Materials 1st Responder Operations
Hazardous Materials 1st Operations Annual Refresher Training
Hazardous Materials Technician-Basic
Hazardous Materials Technician Basic-Refresher
Hazardous Materials Incident Command
Hazardous Materials Incident Safety Officer
Hazardous Materials Technician Refresher
Personal Protective Equipment for the Hazardous Materials Operations Level Responder
Recognizing Clandestine Drug Lab Operations
Respiratory Protection Program
Sampling Techniques for the Hazardous Materials Technician
WMD Detection Equipment Refresher Training
WMD Trailer in Service Training Phase 2 Equipment

Health and Safety

Fire Police
Health and Safety Officer
Highway Safety for Emergency Responders
Incident Safety Officer
NYS Traffic Incident Management System

Technical Rescue

Accident Victim Extrication Training
Alternative Fueled Vehicles & New Technology
Basic Structural Collapse Operations
Confined Space: Awareness & Safety
Electric Vehicle Safety for Emergency Responders
Rescue Technician Basic
School Bus Rescue
School Bus Rescue Practical Skills
Trench Rescue-Awareness Level
Water Rescue-Awareness Level
